Glover, Vermont

Join Ecosocialist Horizons and the world-famous Bread and Puppet Theater this summer in Vermont for an ecosocialist convergence! Help build the new world in the shell of the old! Participate in campaign planning and skill-shares, assemblies and celebrations, workshops and wilderness!

We will host a public event on August 13th, followed by two days of strategizing, planning, discussions, and performances. We look forward to uniting local struggles toward a global ecosocialist horizon.
